

Weekend Loader

Do you love plants and being outdoors? Do love the smell of fresh soil and the feel of dirt on your hands? At Kerby's our vision is to create a place where people who love to garden, love to shop. Where people can escape busy lives and focus on the beauty of their gardens. Where they can have fun, find success and create something to be proud of. To realize this vision, Kerby's is looking for a Weekend Loader to make sure that customers get the plants, soil, fertilizer and mulch they have purchased into their cars efficiently and neatly.

The ideal candidate will have proven ability to interact with retail customers in a fast-paced environment and will have excellent communication skills. This position requires a variety of essential physical functions. Among other tasks, employees in these positions must be able to lift 4-50 lbs, stand, kneel, crouch, lift with both arms over the head, and twist at the torso, frequently throughout the workday. Because this position is often the finale to a customer's experience at Kerby's, the candidate we seek must be friendly, genuine and professional. No retail and/or gardening experience is required, but a love of plants and playing in the dirt, all while delighting customers and performing physical activity is required!

If you are committed, dependable and want to join a company you can be proud of, we want to talk to you. Pick up an application today or request one at admin@kerbysnursery.com.

Discover the Fun of Gardening
